

Hurst Hill Primary School

SPORTS PREMIUM 2017-18

In the financial year 2017-18 Hurst Hill Primary School will receive £9,380 of Sports Premium Funding. We are using the Sports Premium to provide specialist PE teaching for all our pupils, teaching resources to help our teachers deliver PE and sport, and after school clubs to improve children's health and fitness. All services are provided by professional sports coaches from our established partners at Sportsplus Ltd.

Provision

Thanks to our partnership with Sportsplus:

60 free places continue to be provided for after school sports clubs every term. Every child in KS1 and KS2 has the opportunity to take part in a club for at least one term of the school year (places are allocated on a rota system due to high volume of applications). Sportsplus run the school football team, who take part in matches in a league of other local schools.

Every pupil continues to have 2 hours designated PE/Sport tuition per week with at least one of those hours delivered by a Sportsplus coach. Pupils take part in a wide range of sports activities including swimming, dance, tag rugby, gymnastics and bikeability as well as more traditional activities such as netball, football, tennis, cricket and rounders. Teachers delivering the other hour of tuition have access to plans, resources and assessments provided by Sportsplus. Every child continues to be provided with free swimming tuition for at least one term in lower KS2.

The grant is also being used in 2017-18 to provide a sports coach to run activities with the children at lunchtime. A variety of activities will be organised and children will be given the opportunity to have a go at each of these activities over the week. The sports coach is also working the lunchtime staff.

Impact

The school now holds a Youth Sports Trust Bronze Award and continues to be a member of the trust.

Equality of opportunity is given to all pupils enabling them to access coaching in a wide range of sports and to participate in competitions.
