What we do...

The PTFA are parents, friends and families of Hurst Hill Primary School. We are a 'voluntary' run organisation where we dedicate our own free time to organise fantastic events for our Hurst Hill children and their families with the help from the wonderful Hurst Hill staff.

These events help us to not only raise funds for our very own minibus, but to also give our time and money back to Hurst Hill children and families by creating wonderful events and experiences to bring us all together in a positive environment.

Our PTFA team work hard all year round to ensure the children have the opportunity to experience many different events.

We love what we do, and we love to see many happy children and families throughout the year.

If you would like the opportunity to make our children smile too, please see below how you can participate.
