

Risk Assessment for Pupils

Class teachers to go through with pupils on the first day. Any absent pupils, you must go through with them on their first day back:

- Phase bubble so won't be mixing with pupils in other phases. The same teachers will teach you.
- School arrival time is between 8.30-8.55am and exit time is between 3-3.15pm, to give us more time to enter and exit the building.
- Amended behaviour rules / sanctions / rewards
- Use same desk
- Face forwards, side by side.
- Your teacher has to stay 2m away from you so don't go within this and don't touch your teacher.
- Equipment provided for you with your name on
- One way system around school inside and outside.
- Limiting equipment but there will be a lunchtime equipment / play box that will be cleaned daily for your year group at lunchtime. Don't eat at the same time as using equipment. No fixed outdoor equipment such as Cube or outdoor classroom.
- If you have symptoms (new cough, temperature, loss of taste / smell) don't come to school but ring us so we know where you are.
- You can bring your own tissues / sanitiser. Take home daily. Your desk must be clear.
- Bring your book bag, water bottle and lunchbox if you bring one. These go under your desk. Coat on the back of your chair.
- Go to the toilet at play and lunch times when your teacher sends you.
- Don't touch eyes, nose, mouth, ears.
- If you sneeze try and catch it with one of your tissues or sneeze into your arm. Blow your nose, put it in a lidded bin and wash your hands
- Wash your hands regularly for at least 20 seconds – sing happy birthday. Start / end of the day, playtimes, before and after food and toilet visits.
- No water fountains – use water bottles which can be refilled from the taps.
- Lunch is to be eaten at your desk in the classroom which will be cleaned for you (apart from Y3/4 who will be in the hall). Limit movement around site.
- Walk / cycle / use your car to travel to school – avoid public transport such as the bus.
- Entering the building queue 2m apart outside if you have to. Do not gather on the playground. At the end of the day your teacher will call your name to release you from the classroom to your parent, one at a time
- Only 1 parent can collect / drop off.
- Parents must ring school to speak to us – no messages on the door.
- If you do have symptoms at school, we will put you in the calm room to look after you. We will call your parents. They will then book you in for a test.
- If you need first aid, a first aider will come and help you wearing PPE – a mask, visor, apron and gloves. Do not be afraid, this is to keep you safe.
- Talk to your teacher if you feel upset / unsure about anything.
- You must come to school everyday
- Outdoor PE where possible so bring red hoodies / school jumpers.
- Hot water and soap are best but if you use sanitiser, use it sensibly ie on to palms only and rub immediately.
