

Dear Parents/Carers,

From Monday 4th January, we will be having remedial work completed to repair the damage from the flood. This will mean that there will be no access to the year 3 and 4 corridor from Tech Central to the year 5/6 TA room.

The year 3/4 cloakroom and toilets will be out of use. Due to current Covid guidance, they will be unable to use another year group's toilets, and so will have their own brand new toilet block on the playground. They will be able to access it when they need to and will be able to wear their coats to access it if it is cold outside.

- 4DR's classroom will move to Tech Central. The drop off and collection will be from the Tech Central door at the back of the building.
- 3/4LF's classroom will move to the first classroom on the right, as you go through the gate at the front of school. This will be the drop off and collection point for this class.
- 3SW will continue to use the Y5/6 TA room but the drop off and collection point will be the Y5/6 cloakroom at the back of the building.

Please do not block the one way system around the building.

Children in years 5, 6 and class 3SW will only be able to access the main school building via the playground, so we would ask that you are punctual when collecting or dropping off your child, as they will have to be escorted through the playground to reach the main office.

Work is expected to be completed by 1st March.

Thank you for your continued support.

Mrs R Keen
Head Teacher
