When you have completed the work you can close the window/tab at the top of the web browser and return to 'view the assignment'.

On the right hand side click on the black button which says 'turn in' to hand it in to your teacher. You can also ask questions about the work in the class comments.

You can access Google classroom from tablets and mobile phones (although the screen might be too small to see clearly). You can do this by downloading the Google classroom and Google drive apps for free. There is also an app for Google Slides, Docs and Sheets, which need to be downloaded to access the files.
