

HURST HILL PRIMARY

Dear Parents/Carers,

As you are aware, your child has access to a fantastic learning tool called Century. This platform uses artificial intelligence to support your child's learning via a personalised pathway. We use this platform in school and to set homework. Children can also use it for extra practise on areas that they would like to become more confident in; making it a useful tool to use for home learning. Each learning assignment will be made up of short 'nuggets'.

Please see the attached guide and watch the video

<https://www.youtube.com/watch?v=L2S5bdX9wQ4> which explains CENTURY and how it works.

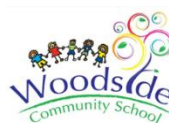

We are focusing this term on the children's accuracy scores to ensure that they are as high as possible. Please can you ensure that your child has a pen / pencil and a piece of paper with them when they are using Century. They should use this to make jottings to help them answer questions correctly. This is especially important with Maths nuggets.

Also, please check that your child is spending an appropriate amount of time completing nuggets. Each nugget should take around 20 minutes to complete. Nuggets are focused on - Maths, Reading, Spelling and punctuation and Science.

If you have any questions, please do not hesitate to contact your child's teacher.

Kind regards

Mrs Keen
Headteacher
