

**HURST HILL PRIMARY**

8<sup>th</sup> April 2022

Dear Parents/Carers,

At Hurst Hill Primary School, we care very much about the personal development of your child and we want to tell you about the work we do in school to nurture and develop this.

Children are taught RHE (Relationships and Health Education), one lesson each week. There is a different unit each term and these units are:

Autumn Term - Relationships  
Spring Term - Living in the Wider World  
Summer Term - Health and Well-being

It is important that we continue to have good communication links between parents and school and we would like to consult with you regarding the RHE curriculum content. Therefore, we would like to invite you to view the RHE curriculum that will be applicable for your child in September 2022. The consultation period will be between the 2<sup>nd</sup> May and 27<sup>th</sup> May. Feedback will be gratefully received via email at [info@hurst-hill.dudley.sch.uk](mailto:info@hurst-hill.dudley.sch.uk) or return the attached form to school.

Each Phase in school has a Knowledge Organiser which details what and how an area of RHE will be taught. The Knowledge Organisers and RHE policy are accessible on the school website in the 'Parent' section and in 'Our School Curriculum'.

If you have any questions or concerns, please do not hesitate to contact school.

Yours sincerely

Mrs Joanne Potts  
RHE Leader and SENCO (Special Needs and/or Disabilities Co-ordinator)
