

HURST HILL PRIMARY

28th September 2023

Dear Parent/Carer

'Bright for Sight Day'

Thursday 12th October

Today, our Trust Councillors met with the other four schools in our Trust for their first meeting of the academic year. They voted on three chosen charities which we will be fundraising for throughout the year. They are:

Local – Local Food Bank

National – NSPCC

Global – Save the Children

In addition, Hurst Hill School Council would like to support 'Beacon Centre for the Blind' for their 'Bright for Sight' Day. Bright colours and good contrast can make a huge difference for how someone with sight loss can interact with the world, helping them to be more independent and continue to do the everyday tasks we all take for granted.

The day is all about raising awareness and funds for Beacon Centre to help them support people living with sight loss in our local community.

Children can come to school wearing their brightest clothes!

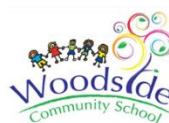

They can wear clothes of their choice, as they would for a normal own clothes day but the brighter, the better! There will be collection buckets outside the main school office before and after school for donations.

Children do not have to participate if they don't want to and are still able to come dressed in school uniform.

Thank you as always for your continued support.

Mrs J Waterfield
